AYER'S Cathartic Pills,

(SUGAR COATED,) ARE MADE TO

[illegible]NSE THE BLOOD AND CURE THE SICK

[illegible]valids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

[illegible]dache, Sick Headache, Foul Stomach.

PITTSBURG, Pa., May 1, 18[illegible]

J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED. W. PREBLE, Clerk of Steamer Clarion.

[illegible]ilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.

[illegible]: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.

[illegible] AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

[illegible]ndigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

[illegible] AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.

[illegible]n SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

[illegible]sipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

[illegible] AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

[illegible]ORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

[illegible] AYER: I have been entirely cured by your Pills of Rheumatic Gout — a painful disease that had afflicted me for years.

VINCENT SLIDELL.

[illegible]r Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

[illegible]r Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

[illegible]s, Suppression, Paralysis, Inflammation, Deafness, and Partial Blindness, [illegible] by the alterative action of these Pills.

[illegible] of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

[illegible]ER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

[illegible]GHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

[illegible] the relief of consumptive patients in advanced stages of the disease.

[illegible]eed not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. [illegible] the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtue of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

FRIDAY MORNING NOV 13 1863

Gen McClellan

We regret exceedingly that this officer who had so many warm friends among the loyal people of the North has at last seen fit to put himself in a position where he must lose their respect and sympathy It had been supposed that he would cordially support the election of Gov Curtin, or at least if not actually lending his influence in that direction that he could not have any desire that his opponent should succeed But in the St Louis *Democrat* of October 13th—the date of the Pennsylvania State election—the following dispatch was published to correct a too charitable impression

NEW YORK, Oct 12—Gen McClellan has written a letter to Chas J Biddell of Philadelphia, requesting him to deny the statement in the Philadelphia *Press* and other newspapers that if he voted and spoke in the Pennsylvania campaign it would be in favor of Governor Curtin He says that after a full consultation with Judge Woodward, he finds that their views agree, and he regards his election as Governor of Pennsylvania called for by the interests of the nation, and would if it was in his power, give to Judge Woodward his voice and his vote

This man Woodward, in bitter hostility to the Government and in his sympathy with secession, is only second to Vallandigham—the prince of the tribe of malignant Northern traitors, and how Gen McClellan, who knows as well as any man in the country with what faithful and patriotic earnestness Gov Curtin has devoted himself to the welfare and comfort of the Pennsylvania troops in the army can be willing to say that he would support Woodward when such a candidate is against him is a sad mystery If, indeed his views agree with those of Woodward, it is not strange that he failed to win victories, it is rather to be wondered at that he did not surrender his whole army, instead of allowing it to be cut up by pieces, in his Peninsula campaign The above announcement, if authentic, is the tombstone of his reputation He will never more be heard of, either in a military or civil position, for, while the Government of course cannot employ him, the democracy propose only to use him as a bait to catch war democrats, who have supposed that because he fought or rather occupied a position where he might have fought that therefore he was patriotic and deserving of public confidence But he has written Ichabod upon his own forehead His glory is gone forever

"DISLOYAL CALIFORNIA!"—The N Y *Herald*, of Oct 12th, says

The London *Times* states that California wishes to secede from the Union and become a part of Mexico Of all the rumors started by the rebels in Europe this is the most absurd California is loyal all over, and down to the very depths of her rich gold mines She has sent immense contributions to our Sanitary Commission for the use of our wounded soldiers She forwarded at her own expense 6 000 miles, a regiment of cavalry to serve in our armies Such evidences of disloyalty we never before witnessed Indeed, California is twenty carats fine of pure loyalty

What is true of California, is equally true of the whole Pacific coast Oregon is as firm as her mountains in her sincere and thorough devotion to the Union She has proved this in every possible way, she will prove it yet more decisively, if a call should ever be made for the services of her sturdy and loyal sons They will flock to the standard of the republic a willing host, determined to uphold it, while life lasts, against domestic rebellion or foreign interference The Pacific territories are full of the same patriotic spirit Idaho has just spoken the first word of its organic life, in clear and undoubted tones in favor of liberty and Union Unwavering in manly fidelity unawed by the threats of noisy secessionists, who boasted that they would rule her young and rising fortunes, she takes her place in the ranks of the loyal communities of the North ready to do her whole duty for the preservation of the institutions of the land and to keep the glory of the nation unharmed and untarnished

ELECTION NEWS —The reports of the result of late elections in the East are of hardly less importance to the nation's welfare and safety than could be those of substantial victories gained on the battle field by our noble and patriotic troops Indeed those triumphs of loyal principles are moral victories proving that the heart of the people at home is with our brave soldiers who taking their lives in their hands, at honor's and their country's call have gone forth to defend the nation's integrity and to preserve its vitality The hope cherished by the rebels that the North would be divided—a hope based upon the treasonable action of the Northern democrats—is blown to the winds New York has handsomely repudiated the miserable policy of Seymour Pennsylvania, Ohio, Illinois, Iowa—every State that has voted this fall has shown an unwavering and united determination to support the Government in its efforts to crush the rebellion We regard this not simply as a political triumph but above and beyond this it is a glorious work of patriotism well and thoroughly accomplished, which gives assurance of the purpose of the people that the rebellion shall be put down and the nation, in its integrity, shall be preserved

Important to Shippers and Passengers to the British Possessions in the North

[illegible]

For the information of those whom it may concern will you have the kindness to publish the inclosed letter from the Hon Joseph J Lewis the Commissioner of Internal Revenue

It will be observed that in the opinion of the Commissioner stamp duties imposed by Schedule B on manifests bills of lading and passage tickets apply to all vessels plying between the ports of the United States and the ports of British Columbia

It is expected that merchants shippers and agents of vessels carrying passengers will comply at once with the provision of the law as thus construed

G E [illegible]
Acting Collector District Oregon

[OFFICIAL]

TREASURY DEPARTMENT
Office of Internal Revenue
Washington, Sept 15 1863

SIR By a proviso of the 110th section of the Excise Law, Schedule B stamp duties imposed by the schedule on manifests bills of lading and passage tickets shall not apply to steamboats or other vessels plying between ports of the United States and ports in British North America This proviso in the act was made in order to avoid any collision between the provisions of the Excise Law and the conditions of the Reciprocity Treaty By the regulations of the Treasury Department it is ruled that Hudson's Bay Company or Prince Rupert's Land is not comprehended among the provinces or colonies referred to in the treaty This I think is a sound construction of the treaty and the law of Congress is to be so interpreted as to operate consistently with that treaty, but not to interfere with the Excise law any further than the stipulations of the treaty require

Although the territory formerly held by the Hudson's Bay Company is now known as British Columbia and is a part of the British Possessions of North America, yet at the time of the Reciprocity Treaty being concluded, it was certainly not considered as a part of British North America The fact of its having since become a province of the British Government does not affect the operation of the treaty or give it a greater extent than it had before In my opinion, therefore, stamp duties imposed by Schedule B on the manifests, bills of lading and passage tickets apply to all vessels plying between the ports of the United States and the ports of British Columbia

Very respectfully,
JOSEPH J LEWIS Comm'r

L W Coe, Esq, Collector, Portland, Oregon

THE REIGN OF SHODDY —The New York *Independent's* commercial article thus describes the condition of the diamond market in that city

Our diamond dealers say they have not done a larger or more profitable business than during this past two years but it is extremely difficult from the nature of this most concentrated form of earthly wealth to arrive with any degree of certainty at the aggregate value of the importation of diamonds into the country for they are so easily smuggled, that even the very low duty of five per cent on unset precious stones does not prevent their surreptitious introduction into the country

A few days since, a diamond merchant entered at the Custom House a single brilliant, which was invoiced in Paris at forty thousand francs—the cost of which after paying the duty of five per cent, would be about fifteen thousand dollars The duty on diamonds is so small that there is hardly a temptation to smuggle them yet the greater part of the precious stones imported here doubtless come in free of duty The Custom House books exhibit but a very small number of diamond entries but the importations of the past two years through the Custom House show a considerable increase over any previous year

The total amount of gems and precious stones not set, entered at our Custom House in 1861, was but $46 513 while for the first quarter of the present year it has been $97 245 and in 1862 it was $188 821 So that in the second year of the war the importation of diamonds increased four fold on the previous year, and the third year bids fair to double on that We doubt if there have been any diamonds or unset gems imported into the Confederate States since the rebellion commenced

What a world of meaning there is in all this—but everybody cannot see it

THE NEW ATLANTIC CABLE —Cyrus W Field has just returned from Europe, bringing with him a specimen of the new Atlantic cable It is far superior to the one that was first laid It is about three fourths of an inch in diameter, composed of seven small copper wires, strongly pressed together till they look almost like one, surrounded by gutta percha about one third of an inch thick and then by ten strong iron wires twisted rope fashion These wires are wrapped in the best Russian hemp Glass, Elliott & Co, the contractors, have commenced the manufacture of the cable, and will prosecute it with the utmost energy and despatch They will receive about three million dollars for making and laying the cable and turning it over in complete working order to the company Glass, Elliott & Co have never entertained the slightest doubt of the entire practicability of the Atlantic Telegraph as a scientific undertaking and a commercial venture and illustrate their faith by accepting a large part of their pay in stock The insurance companies of London are now insuring all risks in the enterprise at 25 per cent premium

It is supposed that the English Government will detail one or two steamers from the naval service to accompany the cable laying expedition and render any assistance that may be required The entire arrangement and conduct of the expedition is devolved upon Glass Elliott & Co Their plans are not wholly determined upon as yet but they will try to charter the *Great Eastern* which could easily carry the cable and would ride over the waves with the desirable steadiness The distance between the two coasts is about 1 640 nautical miles, but Glass Elliott & Co will make 2 000 miles of the cable The laying is to be done in June July or August of 1864 —*N Y Times Sept 26*

ONE OF THE SIGNS OF THE TIMES! —The following dialogue actually occurred a few days ago in this city, between an East Tennessee loyalist and a Mississippi Butternut who was brought in with a number of other prisoners

Mississippian What do you expect to do with us Southerners?

East Tennessean Why we mean to whip you sir we mean to whip you badly

Miss But if you are so sure that you can whip us why is it that you have to call in the niggers to help you out of the scrape

East T Why our *white* men are too valuable to risk in battle against rebels We want to save 'em sir! But niggers are plenty good to shoot traitors with We mean to save our white folks and whip you like the very devil with your own niggers And the niggers will do the job up brown Before the war is over they will knock the hind sights off you, and we intend to stand by and see the job well done —*Nashville Union*

Rail Road Meeting

Pursuant to notice the citizens of Benton County Oregon met at the Court House in the city of Corvallis, on Monday evening, Nov 7th 1863 for the purpose of considering the project of the California and Oregon Rail Road On motion Dr J R Bayley was elected Chairman, and A C Daniels, Secretary

I A Chenoweth, Esq stated the objects of the meeting

The meeting was then addressed by F M Smith Esq of California F A Chenoweth Esq, Rev G D Driver Dr J L Bayley and others all advocating immediate action and recommending the raising of funds by contributions for the purpose of defraying, in part the expenses of the survey

By request of the meeting, the following resolutions were prepared and read by the Secretary

Resolved, That the people of Benton county Oregon hail with delight the bright prospects in the future for our young and sparsely populated State

Resolved That we fully concur with and heartily endorse the arguments that have been so ably set forth by Messrs Smith, Chenoweth Driver and Bayley favoring immediate action on the part of the people of Oregon in co-operating with the friends of this enterprise in California believing that the interests of the Willamette Umpqua and Rogue River Valleys are identical with those of Northern California in respect to building of the California and Oregon Rail Road and that we pledge Benton county to a hearty support of the same

Resolved That we believe the project of building a rail road connecting the railroad in California with the Columbia river in Oregon, to be entirely practicable, and that we will encourage the raising of funds in this county to defray, in part the expenses of the survey of the Oregon end of the route, and presenting the same to Congress

On motion the foregoing resolutions were unanimously adopted

The following resolution was offered by Mr J C Avery, of Corvallis and adopted

Resolved, That the Oregon Delegation in Congress are requested to use their influence to obtain a liberal donation of land from the Federal Government to aid in building a rail road from Sacramento Valley to Portland or the Columbia river in Oregon

Resolved That the Secretary furnish the Oregon newspapers with a copy of the proceedings of this meeting

On motion, the meeting adjourned

J R BAYLEY, Chairman

A C DANIELS Secretary

SENATOR WILSON ON MONTGOMERY BLAIR The Washington correspondent of the Pittsburg *Gazette*, under date of October 2d, reports Senator Wilson as follows

Senator Wilson was called out this evening at the rooms of the Loyal League, after the regular speeches were over He spoke of Montgomery Blair's speech, last Saturday, at Rockville, Maryland Of one hundred and seven thousand Massachusetts men who voted for President Lincoln not one would approve that speech made by a member of Lincoln's Cabinet His attack on Senator Sumner was unjustifiable, while the subject of the attack was a gentleman who always studiously avoided personalities and recrimination He (Wilson) wanted no controversy with the Postmaster General, but he would let him know that he was not a big enough man to insult the people of this country We made him a member of the Cabinet Sumner begged for him, and I begged for him Well, he continued, if he had deserted us, so much the worse for him but this speech is an insult to nine hundred and ninety nine out of every thousand of the loyal people The next Congress he continued, would be the most terrible trial ever encountered in this country, and all arts would be used to seduce weaker members Members must bind themselves, sustained by the great heart of the people in upholding and carrying out the President's proclamation of freedom The portion of his speech referring to Blair was received with immense applause

A COLD WINTER IN THE WEST —People in Wisconsin Iowa and Minnesota may look out for the hardest winter seen for many years There will be more cold days—the mercury will run lower, and the snow will be deeper than before since '57 This is the first fall since the winter of '57, that the brook trout have commenced leaving the small creeks for deep holes as early as September and the first season since then that muskrats have double walled their little hillock homes These and certain other infallible signs known to the sportsman and hunter, indicate a winter of unusual severity It is our opinion that the winter will close at least two weeks earlier than last year —*La Crosse Democrat*

A SHARP TRICK —We have just learned how W S Brock imposed himself upon the Union men of the Humboldt judicial district California It seems there was some question about his loyalty there, upon which he sent a circular to Eugene City containing an unqualified endorsement of his Unionism *honesty* etc to which was procured very privately, the names of about two hundred and fifty of the Long Tommers Soap Creekers and *Jeremy* Diddler secessionists of that county, and then the circular was returned to Brock who exhibited it everywhere as a triumphant vindication of his loyalty and integrity The trick succeeded and the people of the Humboldt district have for judge a man who is a defaulter, fugitive and tricky secessionist —*Statesman*

A Distressing Headache Cured.

Cincinnati, August 18, 1852.

Messrs. A. L. Scovill & Co.—I have for many years been troubled with severe attacks of headache, which often reduced me to my bed. My sufferings have been very great, and no one can have any idea of their severity except those who have suffered with the same disease. I took your BAKER'S PAIN PANACEA, bathed my head with it, and rubbed it in well. I also took at the same time, one half of a teaspoonful of saleratus dissolved in one-fourth of a tumbler of water. Soon after, I took a second dose of PANACEA, and it was just the thing for all the world, for it knocked the pain crazy, and I have not had the headache since, for whenever I feel it coming on I take the Panacea, which always checks it at once. Persons should not allow themselves to have cold feet, when it is a settled fact that many of the ills of this damp, wet, and cold climate arise from cold feet.

Families would find it advantageous to procure them for their children, and probably save them from a bed of sickness.

Gas Light—Quite an improvement in the convenience and safety of some of our streets was made public last evening, thanks to some public spirited members of the Common Council, who prefer gas light The remarks of many persons of both sexes were overheard approving this stride in the right direction. A few more lights are still requisite on the principal avenues leading toward the residence portion of the city The expense would not be so great as the convenience and economy considered, it is better that the city pay for the light than take the chances of paying damages and the costs of a lawsuit when somebody gets badly hurt by falling into a man hole such as may now be found on Washington street, just far enough from the outer gas lamp to be shrouded in most impenetrable dark ness.

A Valuable Invention —We saw yesterday at the store of Smith & Davis, a patent packing can, for fluids, designed expressly for the transportation of fluids, such as oil, ...&c., great distances, and more especially for packing on animals Its peculiarities are an entirely new method of forming the joints, and a novel and ingenious mode of applying the solder The can is strong enough to bear the weight of a heavy man without the least injury Smith & Davis inform us that they expect hereafter to receive articles like those mentioned, in this sort of package.

A Good Move.—Drs Hawthorne & Loryea, ...s and proprietors of Oregon State Insane and Idiotic Asylum, have contracted with the Judge of Washington County for the keeping of the paupers of said county at their institution in East Portland This measure is wise and humane The poor can be better cared for and made more comfortable there at less cost than in their respective counties and we doubt not the salutary example will be imitated by many sister counties

A Distressing Headache Cured.

CINCINNATI August 18 1862.

MESSRS A L SCOVILL & Co —I have for many years been troubled with severe attacks of headache, which often reduced me to my bed My sufferings have been very great and no one can have any idea of their severity except those who have suffered with the same disease I took your BAKER'S PAIN PANACEA bathed my head with it, and rubbed it in well I also took at the same time, one half of a teaspoonful of saleratus dissolved in one fourth of a tumbler of water Soon after I took a second dose of PANACEA and it was just the thing for all the world, for it knocked the pain crazy and I have not had the headache since, for whenever I feel it coming on I take the Panacea which always checks it at once EDWARD SAWYER

GENERAL JIM LANE ON AMALGAMATION —In his late speech in St Louis Gen Jim Lane said

They say we are amalgamationists That comes nice now from a man raised in a slave State, against Northern men! I know I am speaking to people of a slave State but I propose to speak as plainly as though I were in Lawrence, Kansas That is a pretty charge to make against Northern men to eminate from a man raised among slaves and slaveholders! We in the North don't mix greatly with the blacks—well I don't know as I can say it

A voice in the crowd—Speak it out speak it out!

Gen Lane —When I was a child I was not of much consequence My mother was not very well and she put me out to nurse with a nigger wench in Kentucky This nigger wench had another baby not near as white as I was, we slept in the same cradle, we wrestled together, we went swimming together, it was a boy, I remember Nothing of that kind transpires among Northern people Why, the other day in the cars, between Harrisburg and Baltimore, I saw a lady and her daughter about thirteen years old, and a nigger came into the car the girl was scared to death, and the mother told me that the little girl never had seen a negro before How is it in slave States? I have traveled and spent a great deal of time in the slave States, and I say society is framed about in this way first comes the slaveholder, next, the slave last and lowest beneath them both is the poor white man How often have I heard slaves turn up their noses and say, "Why, it's only poor white trash!" And I say another thing, that a young man of pretension is not considered fit to move in good society till he has fallen in love with a nigger wench I say, abolish slavery, and it would take a thousand years of freedom, with all the means for corruption that God could throw around them, to so systematize the crime of amalgamation as it is in slavery Why, sirs, in your own State, while Lane's Brigade was lying in Springfield, as beautiful and as white slaves came into my camp as refugees from slavery as I ever looked upon—bun is straight the bleaching process has been going on in the slave States ever since slavery was there The Blairs used to be Democrats So was I It looks well for a Democrat to talk about amalgamation to other people! I remember making speeches, once upon a time, in favor of a President and Vice President, and I remember during the course of the speeches, I said, my fellow citizens, you must not complain of Colonel Johnson, because he is married to negro wench, and has a very large family of very small children, You must remember that it is a mere matter of taste, and that in Kentucky the tastes run in the direction of their complexion, and you must take him to the Presidential chair, with his nigger wife and children and I generally closed with, rally round the flag of Democracy, nigger or no nigger

Amalgamation! I tell you that a man to prove his consistency in opposition to amalgamation, must do his utmost to strike down the institution of slavery, which is but a system of prostitution

A SCORCHING REBUKE —A highly instructive as well as amusing incident took place in one of the business houses on one of our principal streets, last Saturday, while the colored regiment was marching to the music of the national airs Several gentlemen were looking on the parade, among them a wealthy planter of Alabama, who is a large slaveholder One of the group stepped out of the door, looked for a few minutes, and then indignantly turning on his heel, addressed himself to the grave Alabamian, to the following purport.

"Well I'll be d—d if that is not a burning disgrace which no decent white man can tolerate Isn't that nigger regiment too great an insult?"

The Alabamian jumped to his feet, and replied while his eyes flashed fire:

"Sir, there is not a negro in that regiment who is not a better man than a rebel to this Government, and for whom I have not a thousand times more respect than I have for a traitor to his country I think that the best possible use the Government can make of the negroes, is to take them and make them fight against the rebels No traitor is too good to be killed by a negro, no weapon too severe to use against the wretches who are endeavoring to overthrow the Government Now, sir, swallow that, whether you like it or not"

The rebel darted off in utter amazement, without uttering a sylable of a reply, leaving the sturdy Alabamian, who cherished the jewel of patriotism as something more precious than flocks of slaves, "alone in his glory"—*Nashville Union*

NO CRINOLINE —Abstinence from crinoline, it seems is a badge of secesh loyalty in the Southwest A correspondent, who has been at Memphis, lately, says that though hoops are plentiful there, the ladies have agreed among themselves not to wear them It is their secret sign—their badge—their rebel flag No longer allowed to flaunt past our gallant fellows with their badges and flags pinned to their dresses and bonnets, they have hit upon this plan They will wear no more hoops That is their rebel mark now, and one, the other day, when asked if that was the reason, tossed up her head and said, "Yes, it is, and you Yankees can't make us wear hoops, neither"
